<p align="center">Varicella</p>	<p>Two (2) Varicella Vaccination Dates OR Positive Varicella Titer</p>
<p align="center">Influenza Vaccine</p>	<p>November 1 to March 31 for Fall session/semester and prior to any Winter/Spring session/semester. Residents in rotations between April 1 and October 31 are exempt from the flu requirement. If a resident requests an “exemption”, he/she will need to follow the site policy.</p>
<p align="center">Tdap, Tetanus, Diphtheria & Pertussis</p>	<p>Documentation of a one-time dose of the Tdap vaccine and then Td every 10 years.</p>
<p align="center">Hepatitis B Vaccination</p>	<p>HEPLISAV-B (2 Vaccine Series) OR Hepatitis B (3 Vaccine Series), OR Post Vaccination Antibody Screen - This is a series of either two or three vaccinations and post vaccination antibody screen. The vaccination series is voluntary but is highly recommended for all students entering a health career field. OR a Positive Hepatitis B Antibody Titer OR Signed Declination Form</p>
<p align="center">Tuberculin Test</p>	<p>Baseline TB screening using a two-step TB skin test or single blood assay test IGRA (QuantiFERON Gold or T-Spot). Annual single TB skin test or blood assay test thereafter. If a resident tests positive for active TB disease, he/she must have an initial post positive chest x-ray. Follow-up will be determined by the facility.</p>
<p align="center">Positive Post TB Skin Test Conversion – Chest X-ray</p>	<p>If a resident received a positive PPD result, he/she must provide the following documentation:</p> <ul style="list-style-type: none"> • Positive TB skin test results • Negative chest x-ray dated post positive TB skin test conversion • Complete annual health symptom TB specific questionnaire <p>If a resident is positive for active TB disease, he/she must participate in an active treatment plan to be reviewed annually. The resident is not eligible to participate in rotation practicum until the medical provider determines</p>
<p align="center">Physical Exam & Health Hx</p>	<p>Physical exams may be required by certain agencies.</p>
<p align="center">Medical Conditions/Injuries Requiring Immediate Resident Restrictions</p>	<p>Residents are responsible to immediately notify their residency program coordinator or healthcare facility coordinator of sudden changes in their medical conditions/injuries <u>prior</u> to the next scheduled rotation day.</p>
<p align="center">Drug Screen</p>	<p>Drug screens may be required by certain agencies.</p>
<p align="center">CPR & CPR Renewal</p>	<p>American Heart Association BLS training must be completed within the last two years. HeartSaver and online-only classes without a classroom skills component are <u>not</u> acceptable for health professionals.</p>

IMPORTANT: Healthcare requirements are determined by the organization and the GGBHA, not by a specific department within an organization. A specific department or unit cannot add to and/or change these requirements.
